

ECOSOFT SCALEX ANTI-SCALE FILTER

APPLICATION: scaling prevention for reverse osmosis systems.

KEY FEATURES

- FREE OF PHOSPHATES & POLYPHOSPHATES
- Capacity - 25 000 L of permeate (5 700 gal)
- Replace antiscalant dosing unit
- No need of dosing adjustment
- Safe for human health and environment

UNIQUE SCALE INHIBITOR

Innovative and eco-friendly filter media with complex effect on hardness, which prevents scale formation on membrane surface

SPECIFICATION

Code	Application	Service life, L (gal) of permeate	Influent water temperature, °C (°F)	Flow rate, L/h (gpd)	Dimensions, H × W × D, mm (in)
SCALEXAUTO	Water vending machine with RO technology	25 000 (5 700)	+3...+43 °C (37...109 °F)	270-350 (1750-2250)	563 × 382 × 200 (22.2 × 15 × 7.9)
