

3P NATURAL BRASS HEAD FILTER HOUSINGS

The 3P natural brass filter housing is a robust solution designed for water purification for residential, technical and industrial applications. The natural brass filter head and PET-G* filter housing guarantee the reliability and durability of the product. The filter is suitable for the treatment of hot water at high pressure. Equipped with two breather valves.

KEY FEATURES

- High-pressure water treatment up to 10 bars
- Internal centralizer ensures proper cartridge orientation
- Less pressure drop owing to the special filter design
- High versatility, compatible with three cartridge designs: DOE, BIG, COD3
- Breather valves suitable for pressure gauge installation

made in  **ITALY**

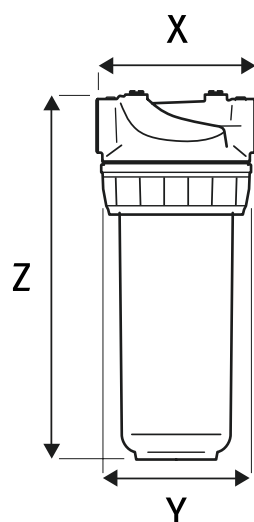

DATA SHEET

Head	Natural brass CB 753 S
Clamping	Natural brass nut CB 753 S
Bowl	PET-G*
O-ring	EPDM
Breather valve	BRASS CW 614 N
Max working pressure	10 bar
Working temperature	From 5°C (41°F) to 60°C (140°F)
Bracketing	Horizontal
Fastening	Axle base fixing hole 66x25 mm Screw thread M5
Connection	BPS screw thread in inch
Package**	Empty housing without filter cartridge

*Polyethylene terephthalate glycol

** Service wrench and wall bracket should be ordered separately.
